

Product Features

- Suitable for TRESOR figures 215 and 219
- wetted metal parts made of dezincification-free and corrosion-resistant gunmetal (in closed position), resistant against aggressive water
- As supply unit to water supply
- maintenance-free EPDM spindle seal
- cone with internal CV spring
- with aerator for automatic drainage
- integrated CV and tube aerator as a security combination HD
- male pipe thread
- free from dead spots
- incl. hose coupling for common connection systems

Standards and Approvals

- DVGW approval
- according to UBA KTW BWGL
- according to UBA BWGL Metals

Technical data

- pressure rating PN 16
- max. operating temperature 65 °C
